What comes to your mind when you think of internships?

What questions do you have about internships?

Sorry, May you elaborate on salary, how as intern should think of salary

What is the connection between in class learning and the real world industry/business environment?

Do interships count the experince.I am doing MSc after my 7 year experince.Would that count?

What are some of the point that we should not missing when writting a cover letter? Any suggestions?

Does interships also count as cognate experiences

How do they work in engineering firmsCan you intern with a prospect of getting a job at that company, if so how does it work

Endline Poll

The image features a white background with a horizontal line. The area above the line is light blue, and the area below is light green. A white arrow points from the top right towards the center line. The text 'Endline Poll' is in the top left.
